

# SPRING HOLIDAYS 2025

Dear customer,

Spring is just around the corner! This means that the spring holidays are approaching as well. In many European countries, there is a driving ban for freight traffic during these spring holidays.

This driving ban will affect our services. The overview below shows the days when you can expect delays.

Week	Date	Holiday	Limitation in service
16	Friday, April 18	Good Friday	No international deliveries on this day.
17	Monday, April 21	Easter Monday	No service on this day.
18	Thursday, May 1	Labor Day	Driving ban in Germany and France. As a result, limited service this entire week in both countries.
19	Monday, May 5	Liberation Day	No service on this day in the Netherlands. Jan Krediet's offices and warehouses are also closed this day.
19	Thursday, May 8	Day of Unity	Driving ban in Germany and France. As a result, limited service this entire week in both countries.
22	Thursday, May 29	Ascension Day	No service on this day. International loading orders please by arrangement.
24	Monday, June 9	Whit Monday	No service on this day.

Of course, we will do everything we can to minimize any deviations in delivery dates as much as possible. Your customers will, as usual, receive a notification from us when we will deliver the shipment.
